

MILLARVILLE RACING AND AGRICULTURAL SOCIETY (MRAS)

FACILITY RENTAL - COVID-19 PROTOCOLS

SUBJECT TO CHANGE AT ANY TIME

The Millarville Racing & Agricultural Society would like to keep our valued employees, volunteers, members and customers safe, therefore MRAS is following the Government of Alberta's current Public Health Measures and Restrictions as reflected at: www.alberta.ca/enhanced-public-health-measures.aspx

Due to the ever changing restrictions, please feel free to contact the MRAS Office at office@mras-track.com and for equine related questions MRAS.equine@gmail.com for further information.

Once available under Government of Alberta restrictions, the following protocols have been established by MRAS for the safe use of the indoor facilities (Hall and Quonset) by our staff, volunteers and our committees and to ensure contact tracing can be completed effectively if there is a suspected case of Covid-19:

MRAS Meeting Protocols

- Staff, volunteers and committee members will sign the COVID Screening document each time at the facility; clean pens are provided and, after usage, put into a "dirty pens" container for sanitization;
- All tables and chairs will be sanitized by the group using the facility prior to and following their meeting;
- Participants of meetings will maintain physical distancing by having one person per table; and
- No gathering and socializing following meetings.

MRAS Rental Agreements (includes User Groups)

As the rental contact signee, it is your responsibility to inform MRAS in the event anyone in your group contracts or gets tested for COVID in the two-week period following your rental date(s).

Please feel free to adopt the MRAS Meeting Protocols above or similar in order to keep everyone safe. Please note, MRAS will not sanitize the tables and chairs for your group, you will need to designate someone to do this for you and also before you leave. Additionally, should you wish to use PPE (face masks and gloves), you will need to provide these for your group.

Review the government guidelines for indoor events prior to booking. It is your responsibility to be familiar with these guidelines as they apply to your event.

Refer to <https://www.alberta.ca/biz-connect.aspx#guidance> for information on how to resume operations safely during COVID-19.
