

Millarville Campground Site Descriptions

What you should know if you have not stayed with at the Millarville Campground previously is the generous size of our camping sites! Many of our sites have the ability to accommodate multiple units per site, making camping with friends and family in nature one of our best attributes.

Our close proximity to Calgary, Okotoks, High River Black Diamond, Millarville and Turner Valley as well as our proximity to the Rocky Mountains make this hidden gem well worth visiting.

Our famous Saturday Farmer's Market offers the unique opportunity to shop for all of your farm to table goods or unique specialty items from the many local vendors. Along with the Farmer's Market, Millarville Racetrack offers a number of fantastic weekend events throughout the season. Midweek this quiet spot in nature is pure relaxation!
