What can Dressage training do for you and your horse?

- Fine tuning of aids
- Rhythm, balance through suppleness
- Connection and softness through transitions

The MRAS 3-day Dressage Lesson Series continues in April with a choice of either Wednesday evenings OR Thursday mornings. Lessons are purchased as a package not individually. For riders to gain the best experience, groups will be arranged based on rider level with a maximum of 4 riders per group in each one-hour lesson. Basics of dressage remain the same no matter which style (English, western) saddle you choose to ride in.

If you are interested in registering, please indicate:

- 1) Date preferred – Wednesday evenings or Thursday mornings. If Wednesdays, please indicate the earliest you can attend the lesson (i.e., 4pm, 5pm, 6pm, other?)
- 2) Your level of perceived competence as:
  - (A) Introductory (no Lope)
  - (B) Intermediate (Walk, Jog, Lope with confidence)
  - (C) Advanced (experience with patterns and transitions at all three gaits, looking for more finesse and polish)
