OUR HISTORY

The Millarville Racing & Agricultural Society has been in existence for more than one hundred fifteen years, its origins older than the province of Alberta itself.

Our non-profit Society has flourished and grown through the last century because we have always taken pride in providing programs and facilities for the young people in our community, many of whom have parents, grandparents and great-grandparents who had served faithfully as members and volunteers in earlier eras, setting an example for the next generation to follow.

We rely on more than 400 members and over 400 volunteers to ensure that tradition of giving back to the community preserves the history of the facility and its events, some of which are also more than 100 years old! Some of our historical events include the Millarville Races and The Priddis & Millarville Fair. Other annual events that assist in our agricultural preservation are the Chuckwagon & Chariot Races, Millarville Farmers' Market and the Millarville Christmas Market.

The facilities at MRAS have grown to become important focal points for community user groups but continue to bear the weight of more than 100,000 people who pass through our gates and use our facilities in a typical year.

We will be looking to upgrade our facilities and programming on a continual bases to meet our bold vision, but will need the same spirit of commitment and cooperation we saw in the opening moments of our creation, when the newly formed Race Club leased the first land in 1905, when the Fair was formed in 1907 and when it all came together as the new MRAS with the Hall Association in 1971.

We urge you to come out and participate as a member or a volunteer or to simply have fun at our Markets and Events as we move forward into the next century.

This short account cannot capture the proud heritage and community spirit MRAS has provided to generations of families in Southern Alberta. We invite you to visit us and experience Western Hospitality at its finest. To read more about Our History and HOW IT ALL STARTED please scan the QR code.

Spring Market

This newly added Spring market with 140 vendors gives us a taste what is to come for the summer market. This market has a gifting feel as it is intentionally set right before Mothers' Day. There may not be all the fruits and veggies that the summer provides, but the abundance of other unique gifts, art, clothing, and food options will have you leaving with arm loads of goodies and full bellies.

Farmers' Market

The entire grounds are filled with tents featuring 185+ local farmers, ranchers and artisans all showcasing their offerings in brilliant, colorful, and creative displays. Food vendors along the walk entice you along with 38,000 seasonal guests with their inviting aromas and friendly faces. Enjoying a one-of-a-kind destination shopping experience, getting to know your maker, baker and growers producing right here in Alberta. Take in the live music and some of the tastiest food at southern Alberta's largest outdoor Approved Market.

Christmas Market

The Millarville Christmas Market opens its gates for an 8-day Market with over 320 vendors and 32,000 visitors. This is one of the busiest weekends of the Market season and features a vast selection of unique items, handcrafted gifts, soul warming food selections and a winter experience you just can't miss. Featuring at least 80% of locally Alberta made wares, there is something for everyone on your shopping list. Not only is the shopping eccentric but the attractions will keep you and your kids on the go, hayrides, face painting, Santa's Workshop, Kids Only Shoppe, Photos with Santa, and the most popular, Santa's reindeer!

What We Do

Our Country Fair

Priddis & Millarville Fair

The Priddis & Millarville Fair is unique in Canada as the longest-running, community-supported, old-time country fair. 2025 marks the 118th offering of the Fair - a testament to its importance to our community. The long-time traditions of bench exhibits, equestrian events in English, Western and Gymkhana, livestock competitions, animal displays, pie and quilt auctions, pie and watermelon eating contests continue to be fair features.

The Fair is a tremendous opportunity for us to share experiences and to celebrate and build community with our children, our community newcomers, and our visitors. We have the opportunity to provide our visitors with insight into our history and rural heritage and to provide agricultural literacy. We are so fortunate to live in a place where people know the meaning of community spirit.
